Sports Camp - Cortez High School & Glendale High School

Come learn how to play and/or improve your play in various sports. The gym will be open and there will be coaches there to help you with your skills.

- Skills Development
- Learn different sports
- Bring a friend and have fun

Coding/Computer Science - Glendale High School

Come explore the world of Coding (computer programming) by engaging in a series of programming activities that will teach beginning principles of computer science. Students will learn basics of multiple programming languages as well as learn how to create their very own games!

- Use different programming languages that computer programmers use
- Create your very own games
- Develop Web Pages

Robotics, Engineering & Coding - Thunderbird High School

Come join us for four (4) fun-filled mornings exploring Science, Technology, Engineering & Mathematics (STEM). Teams of students will work on a different project each day.

- Projects using the same equipment engineers use
- Computer Coding
- Physics and Robotics

Fire Fighting - Glendale High School & Thunderbird High School

Students will experience an introduction to the Fire Service with hands-on activities guided by current professional firefighters including:

- Extend hose lines from real fire trucks and flow water
- Put on firefighting gear and breathe air from the same equipment as professional firefighters
- Lifesaving first aid

Culinary Arts - Glendale High School & Thunderbird High School

Culinary camp is fun, safe, and you will learn to prepare a variety of foods. Learning is fun when you can eat your daily lesson. Our camp makes math skills tangible and language skills are enriched through using recipes. Aspiring chefs will make new friends, improve their social skills and develop personal and team responsibilities.

- Camp is taught by chefs straight out of restaurant/hotel kitchens
- Prepare and eat different dishes each day
- Explore Appetizers, Main Dishes, and Desserts

Honors Algebra 1 (Algebra I : semesters 1 & 2 course)

(Must have completed an accelerated Math program)

- High school credit available
- Monday - Thursday, May 28-June 27, 8AM-4PM

Breakfast & lunch included and transportation may be available depending on camps selected.
